

## **Everardo R. Solis C.**

everardo.solis@scholar.smashprogram.org

When I grow up my dream college would be UC Berkeley to get a degree in engineering specifically Civil Engineering. At the moment my job as a photographer doesn't really align with my end goal but on my free time I like to build and design things.

### **EDUCATION:**

Completed 1st year at Christopher High School

Graduation Date: June 2021

### **EXPERIENCE:**

Photographer-Gilroy Gardens: Gilroy, CA

March 18, 2018-Present

Captures and preserves images for events, people, and places for business use. Has a experience with photographic equipment and technology. Experience with customer service has positive and friendly attitude with customers

Power School volunteer- 930 3rd St, Gilroy CA

July 5, 2017- August 5, 2017

As volunteer for Power School there are many duties mainly being the assistant to the program leader. Ensures materials are prepped for the lesson including: making copies, providing a writing utensil, colored paper and other utensils. Assist students who are in ESL to strive to their fullest potential. Helps manage groups in class and facilitates a recreation activity during student break. Guides district level board members , superintendents, city officials and principles around the program to show how the camp is ran.

Gardener-Gilroy, CA

June 2017- present

Handles sharp equipment and machinery to provide best service. Engages with customer to provide best experience possible.

### **HONORS and AWARDS:**

Principal's list-South Valley Middle School

All semesters from 2015-2018

Received an academic award for maintaining a 4.0 GPA.

President's Education Award-President's Education Award Program

Both in 2014

and 2017. Received for outstanding academic excellence throughout Elementary and Middle school Career.

The American Legion School Award-The American Legion Post #217      June 17, 2017  
Demonstrates possession of traits such as: Courage, Honor, Leadership, Patriotism,  
scholarship and service.

**SKILLS:**

I have steady hands and a lot of patients which makes me great for designing small things such as models. I aspire to be a Civil Engineer. On my freetime I like to give back to the community and volunteer at homeless shelters, family support programs, and youth minority after school programs. Lastly I enjoy learning about cooking and how to prepare dishes.
